## SPONSORSHIP FORM

Become a sponsor for our partnership barbecue to benefit our collaborative work to promote Forest Health, Fire Resilience and Watershed Management! The Resource Conservation District of Monterey County and a host of private and public partners are committed to being good stewards of the waters, lands, and wildlife that make this county a beautiful and productive place to live and work. Together we conduct multiple-benefit conservation work throughout Monterey County's forests, lands, and waterways that protects our local communities, agriculture, and the environment. Funds and awareness raised at this event will help support community education and organizational costs for this work. This annual partnership event typically draws 100-150 attendees and will include a locally-renowned BBQ crew, local wines, cheeses, fruits and veggies, a brief & entertaining celebration of this year's accomplishments and challenges, and a silent and live auction. ***Your tax-deductible sponsorship or donation will benefit locally-led, innovative conservation work tremendously.***
